Our memories of yesterday and our dreams for tomorrow are joined to become the endless chain of time.

-Mrs Alexander-
I really have enjoyed having you as my teacher this year. I started out taking this class as a senior goof off course, but I really did learn alot. I hope that you will always remember me, cause I know I will remember you, but then I haven't had as many teachers as you have students. I think you are a very sweet and I hope you never change and remember if you smile at the world, the world will smile back.

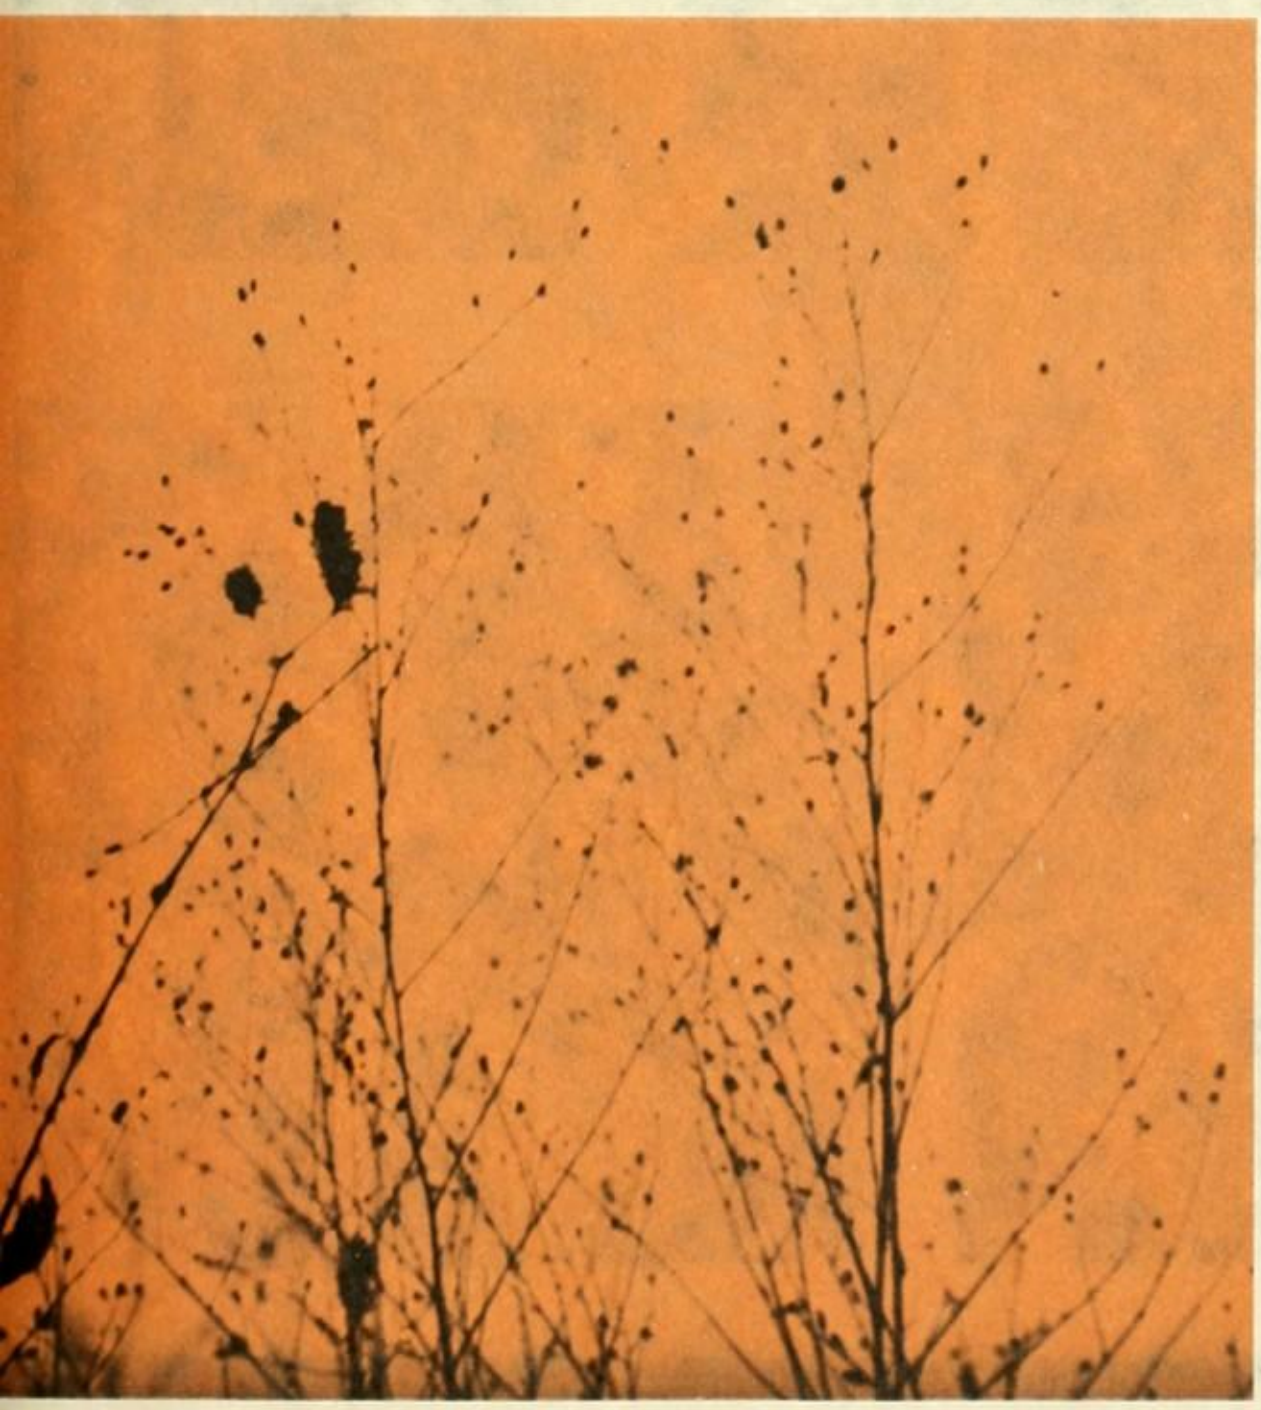
In the Name of the Father, and of the Son, and of the Holy Ghoſt. Amen.
OUR Father, which art in Heaven, hallowed be thy Name; thy Kingdom come, thy Will be done on Earth, as it is in Heaven. Give us this day our daily Bread; and forgive us our Treſpaſſes, as we forgive them that treſpaſs againſt us: And lead us not into Temptation, but deliver us from Evil. Amen.



Therefore let us strive to be strong, for we must not weaken the chain of time.

Student life was the events and happenings in which students participated, both in and out of class. Some activities involved all students. Such were class elections and pep rallies. Others, such as productions, involved only a fraction of the student body. Student life was the 'fun and games' as well as the hard work.

Morning provided fun before the work began. Groups of students caught up on the latest gossip. Pep rallies and classes added creativity to the day. As energy surged from all students, the time flew and school thoughts were replaced with those of lunch.

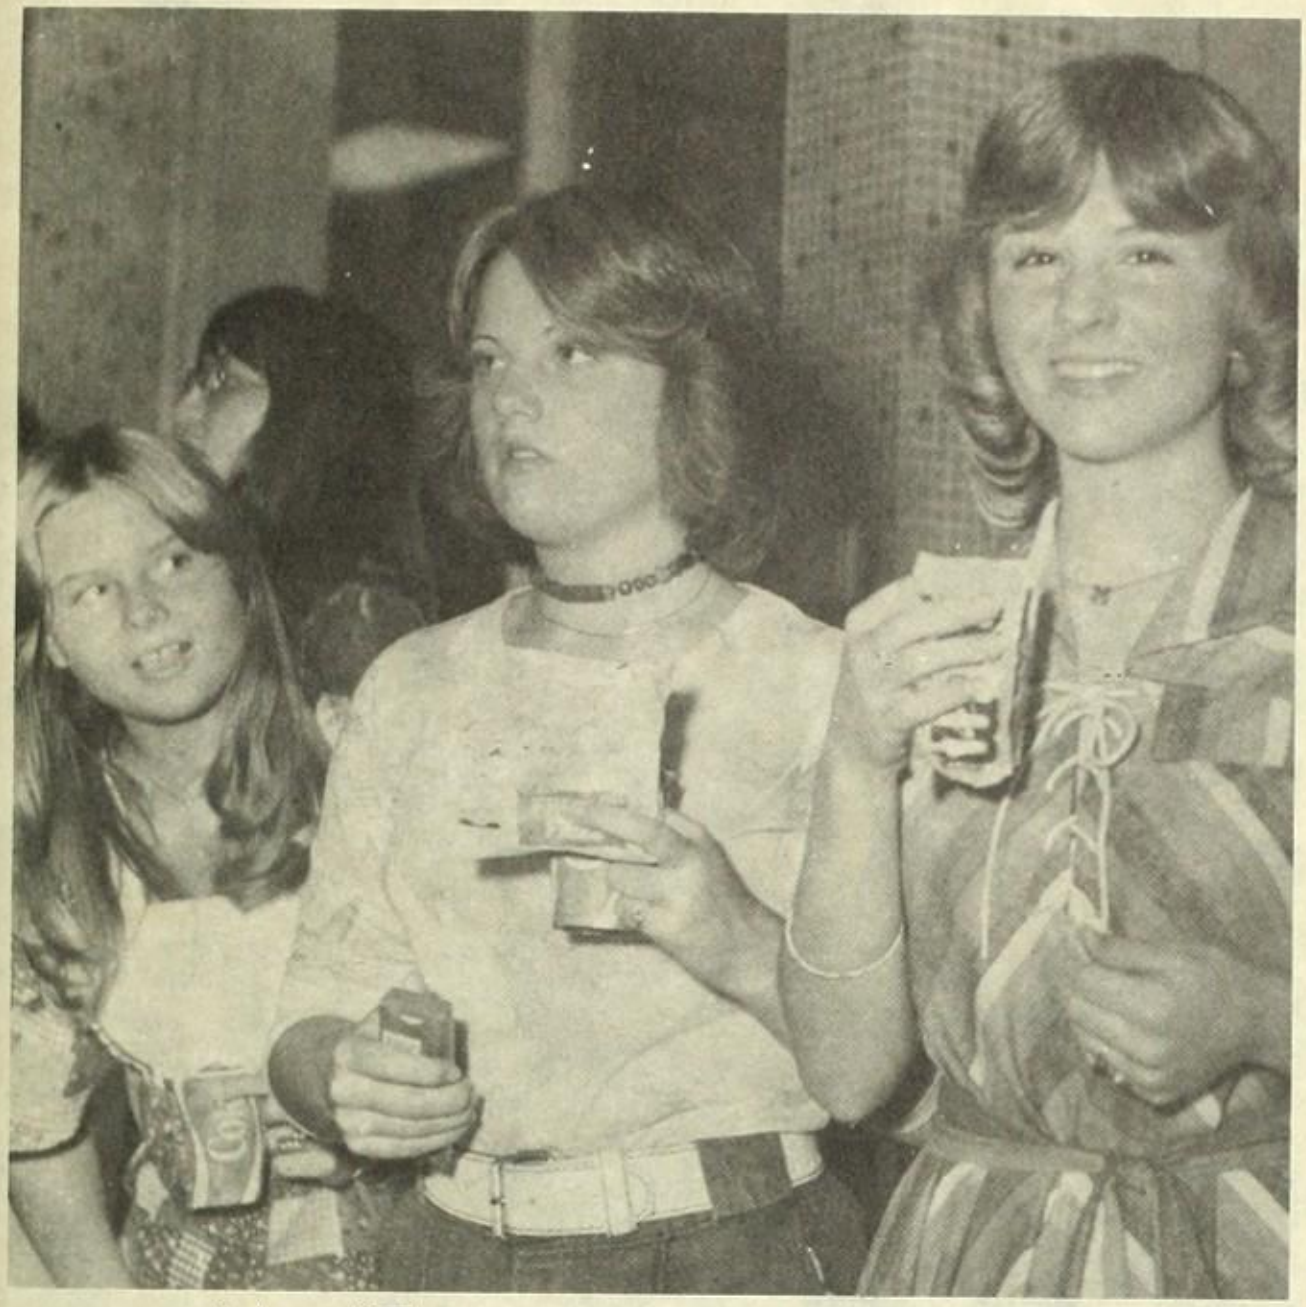
Lunch Lacks Leisure



Despite long lines and a short amount of time, the lunch break was the most looked forward to time of the day. Lunch was the best time for friends to get together and visit for a spell, while filling their stomachs. A few students brought their lunch, but most took advantage of the cafeteria and snack bar.

Afternoons were spiced up with exciting intramural games for the great athletes and uninterrupted sleep for those who did not get any the night before. The clock was the thing to watch as everyone waited for the great moment - the three-thirty bell. This was the most welcome time of the entire day.

Evenings

The post-school hours were the times when numerous extracurricular activities took place. Cramming for six-weeks tests along with homework were only a few of the many after-school chores. For BSHS students there just were not enough hours in each day.

BSHS Active in Bicentennial

BSHS has been actively involved in many Bicentennial activities. The first Bicentennial flag in Big Spring was presented to the school in an assembly last year. A Bicentennial proclamation named Paul Ruiz as Teen-Aged Uncle Sam, the official Bicentennial symbol or 'mascot' of Big Spring and Howard County. The Student Council helped paint fire hydrants for the Bicentennial celebration. Homecoming had a Bicentennial theme, America's Great Moments.

Golddiggers Use Class Time to Prepare Routines

Thirty-nine Golddiggers make up the second period class which is held in the Steer Gym. This is the first year that the Golddiggers had a separate class where they could learn and practice their routines, yells, and motions. Recognizing a Golddigger is quite easy as the girls wear black and gold uniforms to school each Friday during football season, and to the games on Friday nights. It is obvious that the group keeps busy with such activities as bake-sales, attending pep rallies and games, selling radio ads for KBYG, making a homecoming float which received the honor of first place in the small group division, selling sour balls, and last but not least, planning a banquet to climax the year.

More than one hundred administrators and faculty members serve BSHS in varied ways. Teachers work hard to impart their knowledge to both the receptive and the unresponsive students; counselors and special staffs are always near to make life a little easier; and secretaries and administrators keep the system running smoothly.

The Clean-Up Gang What a Bunch!

Almost everybody takes a clean school for granted, but it takes a lot of hard work to make it so. These individuals are often underrated, but if they weren't around, BSHS wouldn't be as nice as it is. A big Thanks to these hardworking people for putting up with us.

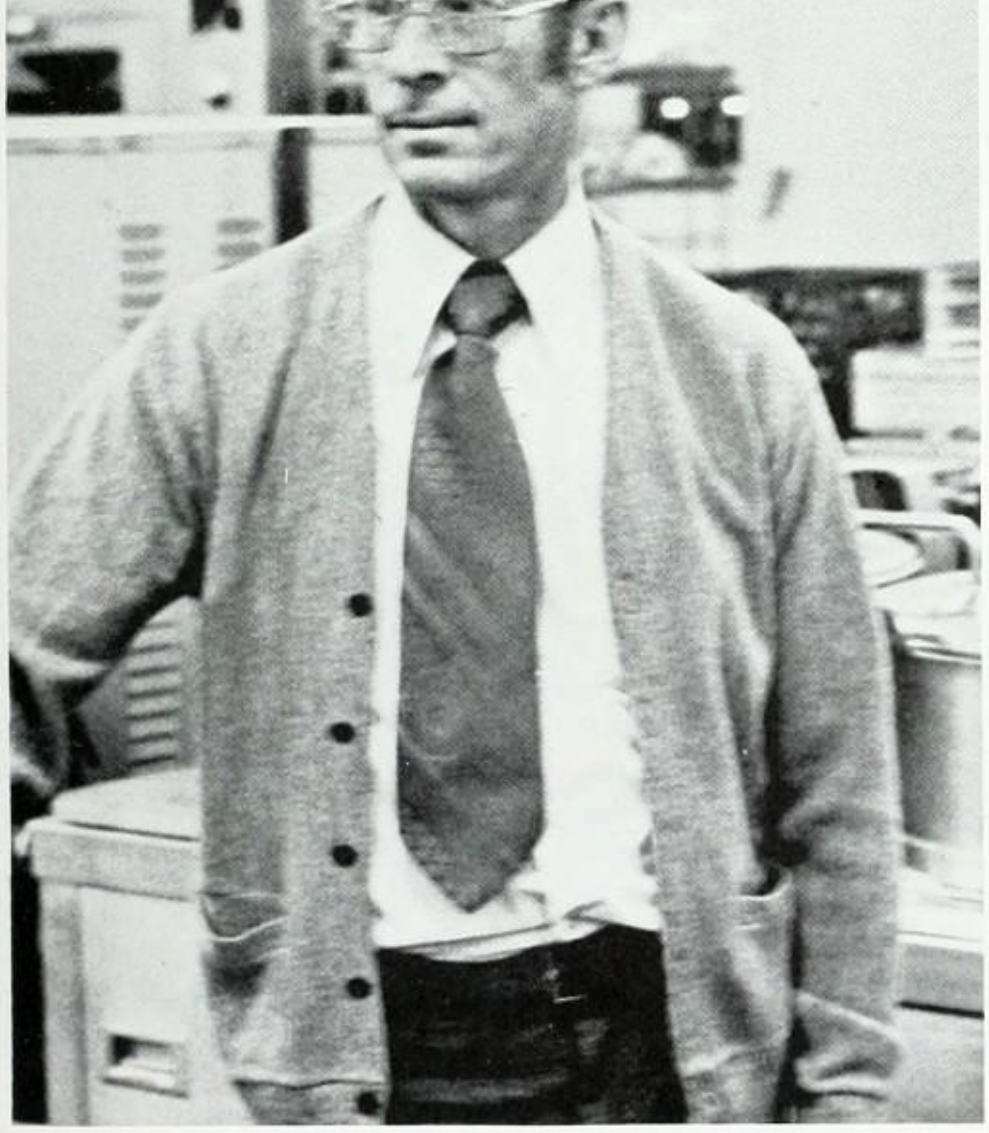
A - A. G. Martinez is the head of the custodians, and he sees to it that everybody is doing a good job. B - Front Row: Paula Martinez, Luis Martinez, Juan Hernandez, Herman Romero. Second Row: Marvin Britton, Joel Rogers, John Rodriquez, Weillie Sotello.



Boy, I'm Hungry!!

Most of the time the cafeteria and snack bar workers are taken for granted. Without them, BSHS students would probably be a lot hungrier than they are at the end of a long school day.

A - Front Row: Florence Zubiate, Laura nell King, Roberta Marks, Barbara Wilburn, Kitty Andrews, Gloria Puga, Cheryl Ellison, Maxine Barkley, Reese Jennings, Nell Wright. Second Row: Lenora Leal, Melba Camp, Ora Nelson, Vera Sanchez, Eva Churchwell, Dorothy Meeks, Gladine Cate, Mary Virden, Opal Wooten, Sue Creelman, Ruth Roach, Katherine Weidel, Jean Little, Dorothy Whitton. B - Ray Lawlis, the school dietician, works hard to make sure that the meals prepared in the cafeteria and snack bar are nutritional as well as relatively inexpensive.

Students of BSHS are placed in one of four categories. Freshmen are called 'Fish' due to their helpless swimming around at the first of the year; Sophomores have finally escaped the label of being 'Fish'; Juniors have only one more year to go; and the big Seniors finally get a little extra deserved recognition.

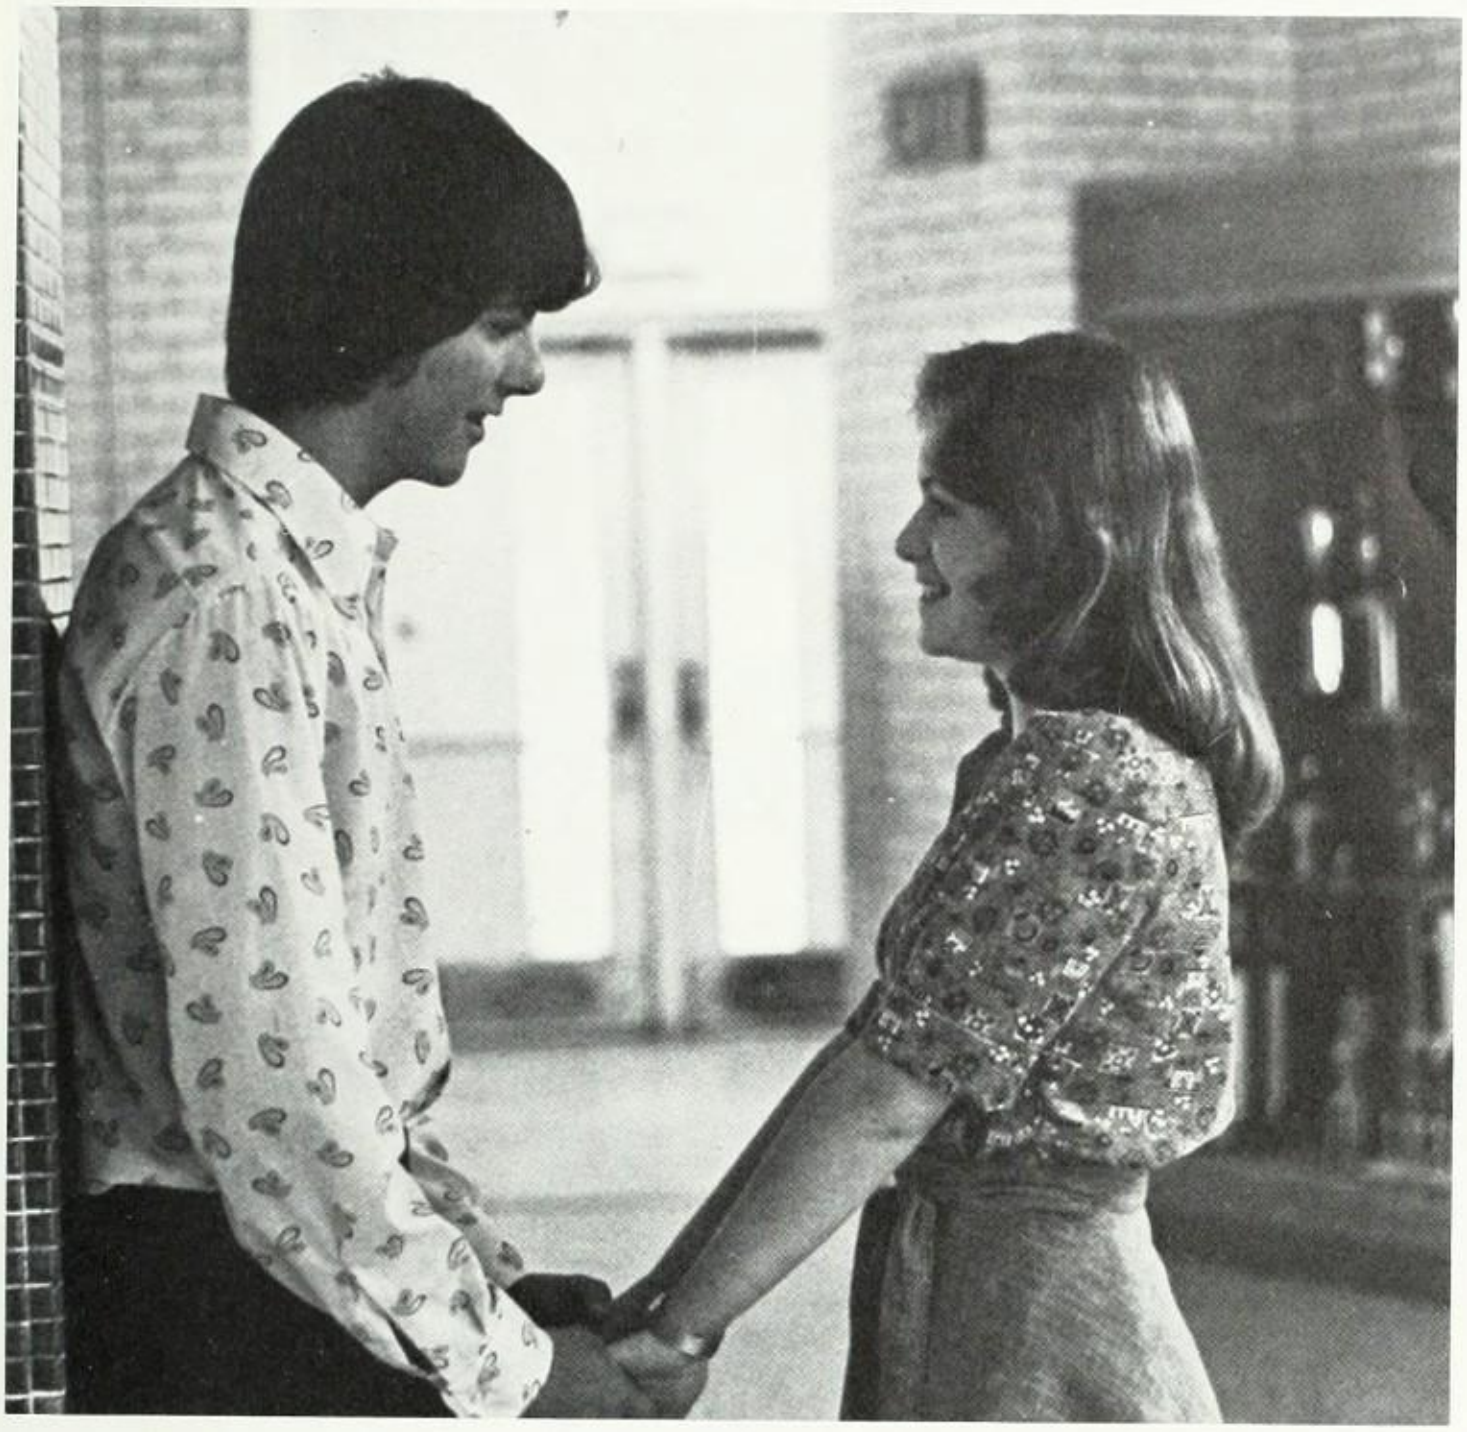
We're Almost There — Seniors '77



During the year, the extra moments that greeted B.S.H.S. Juniors during the school day, and even after school, became prized moments. They found the minutes between classes a time for friends and friendly glances. The lunch hour gave juniors a little time for conversation and relaxation. After school B.S.H.S. Juniors scattered out from going to band practice, to football games, from dates, to meetings, and from running around to home again.

Tradition Remains a Part of BSHS

Being a Senior is simply the best, especially during the year '75-'76. Combine a new quarter system, Early Admissions, and the realization that this is the last year, and what else could the class of '76 be but the best. Some decide to party all year and live it up, while others make a last ditch effort at their studies. There are many different kinds of people with different personalities that set the Seniors of '76 apart.

Mike Warren and Richard Affleck help keep the tradition of the Key Club bell alive.

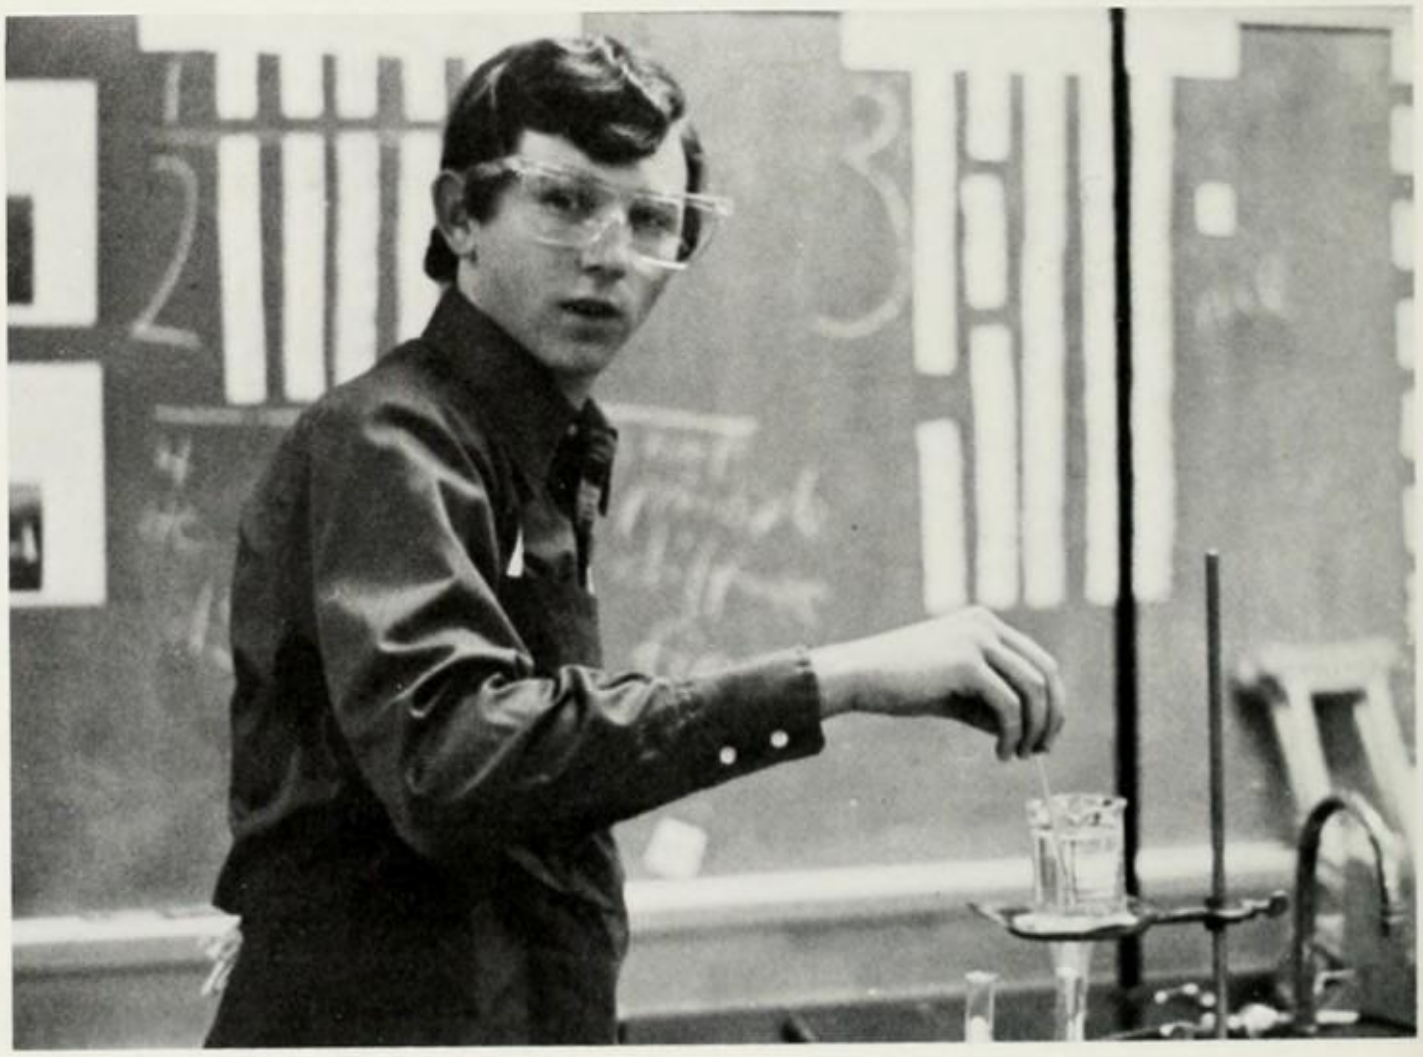
Most of the classes taken by seniors are electives. Because the courses are self-chosen, a lot more is learned and the learning process is often a deciding factor. Scott Burt has decided to broaden his horizons by taking Advanced Science.



Experience is the best teacher, and Kathy Haught knows that. Vocational courses are a great means of learning through experience.

Super Senior Golddiggers really add to the spirit because of their enthusiasm and continual support of the Steers. Cindy Fowler, Kris Boubek, Jeri Booth, and Kim Casey help make the Torchlite parade a success.

Seniors Show Spirit at Pep Rallies

. . . *for What Will We Be Tomorrow?*

Sometimes it is hard to know where we are going and in what direction. More often than not we take the path that we have traveled so often before. As Seniors, we now have the responsibilities that will mold us into the individuals that we long to be. We must give our best today, for who knows, what will we be tomorrow?

Community businesses are an important part in the life of students. Food, clothing, and school supplies are only a few of the items purchased by high school students. Perhaps because the students are important patrons of the businesses, Big Spring businessmen support many of our school activities.

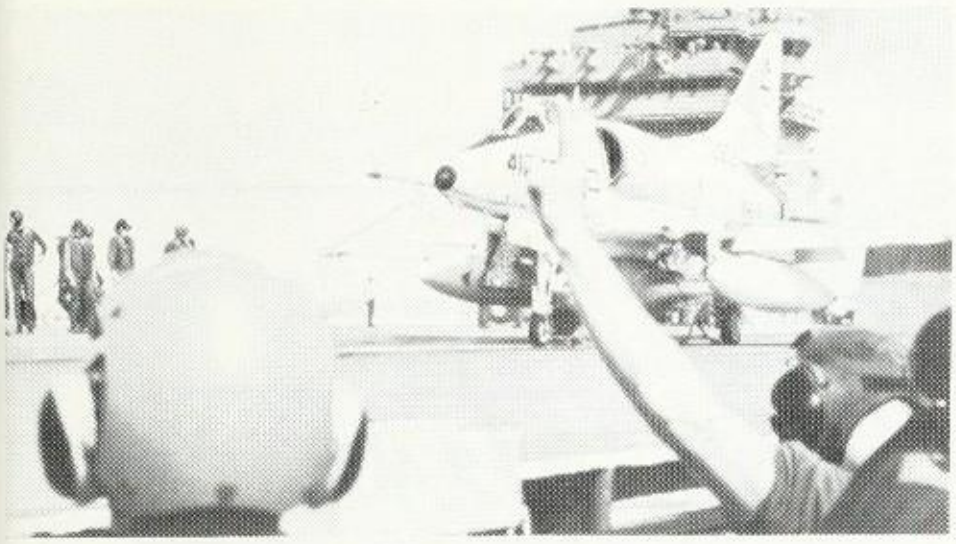
COSMETICS BY KOSCOT

Is there life after high school?



"Congratulations," they said. "This isn't the end... it's just the beginning." They've said it a thousand times at a thousand graduations. While many young people just like you sat there thinking, "Where do I go from here?"

Where *do* you go for challenge? And opportunity?

Go Navy.

If you qualify, you'll get some of the best training available in highly skilled job fields. From aviation mechanics to linguistics.

And you'll live a little, too. Travel. Work hard. Even swab some decks.

the blue sky energy

We can't take credit for it. That's just the way it happens to be. Natural gas is clean burning. Doesn't dirty the air. It helps preserve the clean, blue skies of today for tomorrow.

What we can take credit for is working to provide a continuous supply of clean gas energy . . . to warm people, to cool people, to cook their meals, to heat their water, to dry their clothes . . . gas to help industry do its work.

Clean, efficient, versatile Natural Gas . . . the blue sky energy for today and tomorrow.

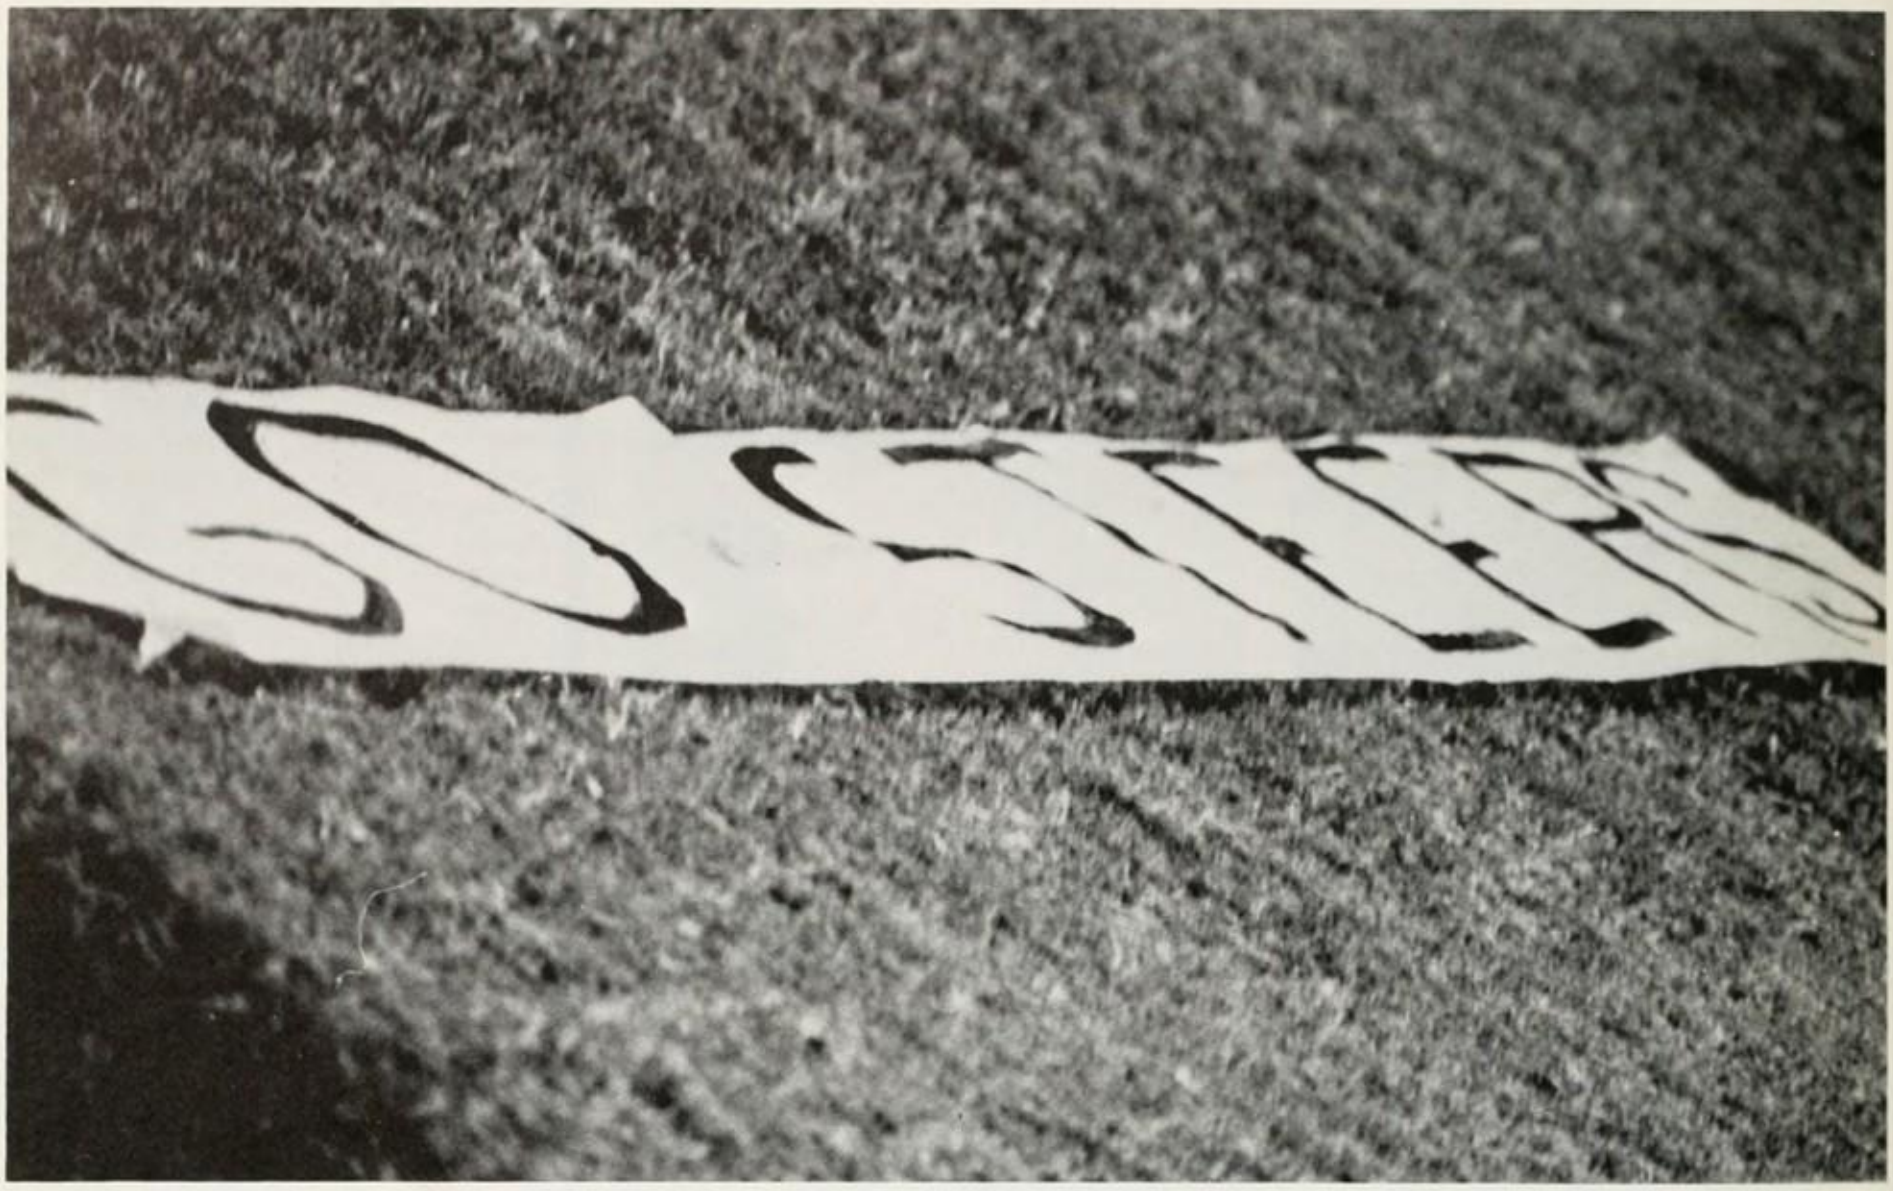
This fleeting glimpse of the past reminds us of many forgotten experiences.



Mrs. Alexander,
You have just got to be one of the best teachers around. Thank you for your helpful advise. Good luck to you in the future and May God Bless You Always

Love,
Phyllis Shaffer

The future appears as a white cloud, hovering over our horizon, growing in size as the promises of tomorrow are fulfilled . . .

Mrs. Alexander,
I've had a very nice time this year being in your class as a teacher. We may not agree on everything but we do on some things. I have learned more than you could think I have. God bless you and your family.

Love

Special thanks to:
Lee Ann Mashburn, my associate editor and closest friend, who also tackled the difficult job of student life editor.
Paige Little, faculty section and senior class editor, who always helped me in countless other ways.
Denise Crenwelge and Ann Mathews, who put together a lively student life section.
Kim Brock, Denita Fellows, Cynthia Fierro, and Cindy Carlile, who spent countless hours scheduling organizations pictures.
Ronnie Mullins, Steve Hughes, and Lois Ivey, who covered sports events to put together an excellent sports section.
Donna Carpenter, Tammy Burrow, and Karen McCasland, who conquered the task of matching names and faces for their class sections.
Beverly Tynes, Felix Perez, Doug Mays, Tammy Plew, Connie Salazar, Patrick Dabbs, and Maria Rocha, who took, developed, and printed most of the pictures in this book.
Mr. Frank Brandon and Mrs. Clarinda Harris of Brandon's Studio, who scheduled and took many pictures and helped us out of any jam.
Mr. Norman Dowdy and Mr. Jerry Clark of Taylor Publishing Company, who helped us produce this book just as we wanted it.
Mrs. Bertie Hughes, my great-grandmother, who allowed us to reproduce her painting on the end sheets.
Mr. Steve Poitevint, our sponsor, who only this year took over a new yearbook staff and helped us make this book a success.

Angela Hodnett, editor

Mrs. Alexander -
I've enjoyed being in H 3 during 2nd period and I hardly ever thought about what kind of family I want - and that's why I'm taking the courses - Debi Adams

I really like you very much
even though we do get in
arguements.. But I guess
that's the way some people
are. But you really sweet
and nice. And I love you
for what you are and the
way you are. Stay that
way ok.

Love always,
Joann Hughes
